## Tiering System

The College Sports Program is run on a three-tier model:

Attendance at these carnivals is expected by all students, with various opportunities for students to participate in competitive and non-competitive events. Students who participate will be awarded points, which are accumulated to determine an overall Age Champion and Champion House.

## School Districts, Regionals, States

### Progression of QSS Pathway

## Nominations

Students who are wishing to compete at a Regional or higher level, **MUST** nominate for district trials.

1. In the event of successfully being selected in the North-West team, students will be nominated through to the Regional (Met North) trials.
2. In the event where a district trial is not held as a result of low trial numbers, students will be automatically nominated through to the regional trial.

Note:

- **students MUST be nominated for the district trial in order to be considered for the district team, regardless of whether or not a district trial is held. I.e. nominations will NOT be accepted for regional trials after North-West district nomination dates have closed.**
- students should only consider nominating if they partake in this sport at a state level.
- a call for nominations will occur in the first six weeks of school via the student notices. Failure to express interest will result in the student not being nominated.
- **it is not the responsibility of Mt Maria staff to provide transport, uniforms, equipment, or trial information to athletes or families.**
- paperwork will be distributed to the parents of the students who have nominated for the district trial. If unable to print at home, students can collect a 'permission to trial' form from the Sports Office. **All students MUST take the relevant paperwork with them to trials and have paid any applicable fees online.**

## Transport & Supervision

District and Regional pathways are an individual endeavour, meaning that Mt Maria College does not officially send teams to these events. As a result, parents or carers are responsible for the transportation of their student to and from the trial venue and are also responsible for the supervision of their student between games.

## Recognising Student Achievement – Social Media & Newsletters

Mt Maria College will endeavour to recognise the achievements of all students in sport, both at club and through school pathways, within our regular newsletters. It is the responsibility of individual student to inform the Sports Program Leader and Sports Program Administrative Assistant of achievements in a timely manner for this to occur. On the odd occasion, and at the discretion of the media team, specific sporting achievements may also feature on the College's Facebook and/or Instagram media pages – this is **limited to National Events only and one post per year** (subject to change at the discretion of the media team). If media consent is not provided by parents or guardians, the College will refrain from recognising student achievement on these platforms in line with the media consent policies.

## Sport Awards

The College Sports Awards evening is a celebration of student sporting achievements throughout the year. The following accolades will be recognised on the evening:

- And our Major final awards – including the Sporting Excellence, BCE Spirit of Sport, and Sportspeople of the Year.

## Sportsman & Sportswoman of the Year

For major sporting awards, such as Sportsman and Sportswoman of the year award, specific set criteria are applied, and calculations are made, to determine the recipient of these awards. This award recognises the contribution and performance of the student within the College's program of offering, excluding external club commitments and achievements.

## Assessment Special Provisions & Sport

Mt Maria College tier 1, 2, and 3 sporting opportunities may often fall on the same day as a scheduled assignment due date or an examination date. It is the student's responsibility to ensure they are up to date with relevant assessment and schoolwork prior to the commencement of a sporting competition. The College reserves the right to remove students from sporting opportunities who have not met academic expectations both with classwork and assessment. Where there are clashes between a sporting event and an assessment due date, the tiering sport system is utilised to assess the provision:

**Tier 1 Sports** Special provisions will not be accepted; students will be required to complete assessment as scheduled.

**Tier 2 Sports** Special provisions will be handled on a case-by-case basis. Clashes with scheduled examinations will be reviewed upon submission of application, with the school unlikely to approve a change in examination date.

**Tier 3 Sports** Special provision applications will be approved upon review.

Please note:

- students are responsible for submitting a special provision document in a timely manner prior to the assessment date.
- the College will follow non-submission academic procedures in the event where a student fails to produce a special provision prior to the assessment and representative sport date.
