

Principal's Open Day Video Script – 2026

Hello, and welcome to Mt Maria College.

Thank you for taking the time to explore our community and to imagine what the next stage of your child's learning journey might look like here with us.

Mt Maria is a place where young people are known, valued and encouraged to grow — academically, socially and personally. It is a learning community shaped by strong relationships, high expectations, and a genuine commitment to the wellbeing and success of every student in our care.

As you visit with us, you'll meet our students — confident, engaged and proud of their school — who are always our best ambassadors. You'll also meet dedicated teachers and staff who work closely with families to create learning pathways that respond to the strengths, interests and aspirations of each young person.

Mt Maria is proud to be part of a strong network of associate Catholic primary schools across Brisbane's north-west. Together, we offer families a **priority pathway of quality, co-educational Catholic schooling**, from the early years through to Year 12, built on shared values, continuity and care.

While most students commence with us in Year 7, Mt Maria also welcomes students at other entry points, including Year 10. Our academic, vocational and trade pathways allow students, in partnership with families and teachers, to design learning that is purposeful, flexible and future-focused.

At Mt Maria, learning is about curiosity, resilience and growth. Students are encouraged to try new things, learn from challenges and develop confidence over time, in a safe and supportive environment.

We know choosing a secondary school is an important decision. At Mt Maria, we take great care to ensure every student feels welcomed, connected and ready to belong.

Mt Maria College is a place to learn, a place to grow, and a place where community feels like family.

We're delighted you're visiting, and we hope this helps you imagine the opportunities that lie ahead by *stepping into secondary with us*.
